

600mm

1. Create your artwork at a size of 1610 x 610mm and your colours should be CMYK.
2. Add a crop mark 5mm from the top, bottom and sides, this will be trimmed from the final print.
3. The final print area is 1600 x 600mm.
4. We suggest you keep any text well in from the sides and run any images to the extents.
5. Create a print ready x-1a pdf this should be sized at 1610 x 610mm.
